Gentlemen, start your Camaros.

The third annual International Race of Champions is on. Once again, in four fascinating events spread widely across the country and the calendar, 12 of the world's winningest drivers are competing in 12 identical cars,

identically prepared. A true test of driving skill. The cars are Camaros. That should come as no great surprise. Camaro's aerodynamic shape makes it a natural for these events. The profile is low,

the stance is wide, the size is right—and the feel is terrific. Drivers enjoy driving Camaros, people enjoy watching them. Camaro has been a particularly popular off-road competition car ever since it was first introduced about 10 years ago.

Chevrolet salutes the 12 distinguished drivers of the third International Race of Champions. Gentlemen, start your Camaros.

Annual Cruising Magazine's Inter Club Meeting

On February 21st, 2016, Cruising Magazine held its annual Inter Club Meeting at the Christiana Hilton in Christiana Delaware. Our President and First Lady (Pete Jamieson & Allison Stine) attended along with Charles & Ben Gager as well as about 40 more car clubs attended, it was full house this year. The meeting is to exchange information about each other's car events for the year (2016) and hand out car event flyers. A lot of great information was exchanged. We made some new acquaintances and saw some old ones too. All in all, it was a good morning with some good food which made it even better.
